Event Description

Join representatives from the Department of Motor Vehicles (DMV) for an information session addressing the REAL ID (which goes into effect nationally in October 2020) as well as other topics. You'll also have the opportunity to ask questions you may have. This is a great chance to make sure you'll have all the documentation you need to take advantage of the next DMV Connect on-site opportunity at The Center on February 27. Free and open to the community.
