Sunrise of Richmond assisted living is licensed as a non-medical residential setting that provides or coordinates personal and health care services, 24-hour supervision, and assistance for the care of adults who are aged, infirm, or disabled and who require assistance with at least two activities of daily living.

The focus is on individual wellness, and encourages continued independence with a tailored plan of assistance provided by trained team members available 24 hours a day. It is a different option to consider when a senior does not require intensive 24-hour skilled nursing care. Capacity is 110 residents for assisted living and memory care.
