The Psychological Services Center offers a variety of mental health services to any member of the community. Services provided include:

- Adult Therapy - both short- and long-term therapy on an outpatient basis.
- Child, Adolescent, and Family Therapy - services can focus on individual therapy for children and adolescents, parenting support and parenting training, school consultations, and family therapy.
- Assessment Services - conducts a wide array of assessment batteries (cognitive, memory, achievement, attentional, and emotional) for adults, children, and older adolescents, along with a full report and feedback.
- Autism Clinic - provides assessment and treatment for autism spectrum disorders.
