Look Good...Feel Better is a free two-hour workshop for women undergoing cancer treatment. This program helps improve the self-image, appearance, and quality of life of patients by teaching beauty techniques to help cope with the temporary appearance-related side effects of cancer treatment. This program is made possible through a collaboration of the Personal Care Products Council Foundation, the American Cancer Society, and the Professional Beauty Association/National Cosmetology Association.

Please visit the [Look Good Feel Better website](#) to find your local meetings and workshops.
