Comfort Keepers provides families with peace of mind through affordable care options that fill the gap between facility provided care and family provided care for those that could benefit from one on one companionship and some assistance with daily living activities.

This kind of assistance, tailored to the person's specific situation, often provides the flexibility needed for the highest quality of life and independence achievable as we age with dignity. Comfort Keepers clients are primarily seniors, but also include the adult disabled and those recovering from surgery or illness.
