The Sexual Assault Resource Agency (SARA) is committed to serving the needs of women, children, and men who have survived sexual assault. Our mission is to create and environment in which sexual violence is no longer tolerated.

Immediately following an assault, a survivor's safety and health are a priority. SARA staff and volunteers are trained to answer questions about injuries, STI's, pregnancy, and other health related questions. We are also prepared to offer information and referrals on resources in the community and to provide accompaniment to the Emergency Room, Health Department, or other health facility.
