Maple Grove Medical Healing Services division provides mental health and wellness services to individuals in environments that are comfortable and familiar, typically in their homes. Maple Grove Medical can also provide care to individuals in Assisted Living Facilities. Some of the conditions Maple Grove can help with include:

- Depression and Anxiety
- Grief and Loss
- Adjustment challenges
- Behavioral problems associated with forms of dementia
- Bipolar Disorder
- Post traumatic stress disorder
- Anger management
- Substance Abuse Disorders
- Stress
- Self esteem concerns
- Interpersonal and communication concerns
- Sadness or anger associated with life stressors
- Mid-Life Crisis
- Living with chronic pain (no narcotics prescribed)

Maple Grove Medical also provides medication/disease management.
