Sunrise of Arlington offers short-term stays and respite care to give primary caregivers a much-needed break, or when recovering from hospitalization. At short-

term care, help is available with daily activities, such as bathing, dressing, and medication reminders.

The focus is on individual wellness, and encourages continued independence with a tailored plan of assistance provided by trained team members available 24 hours a day. It is a different option to consider when a senior does not require intensive 24-hour skilled nursing care.

Short-term and respite care is available if space is available.
