The Memory Center in Richmond offers short term respite care, if space is available. There is a 5 day minimum stay.

The Memory Center is a unique, state of the art design to enhance the quality of life for residents with dementia and Alzheimers. The Memory Center has 4 individual residence wings, each consisting of 12 suites. The 4 residence wings all access the Town Center inside a naturally lit atrium.

Residents can enjoy gardens, walkways and nature activities, all in enclosed and secure courtyards. Staff is trained in dementia care and the Resident Director specializes in geriatric care. Our therapeutic program, called "Memories and Motion" is grounded in Montessori based principles of respect, dignity, independence and choice.
