Senior Home Share manages alternative care and housing for seniors. Private homes housing 3 seniors are available as an alternative to assisted living facilities and nursing facilities. Seniors are accepted that are totally mobile all the way through end of life, with the exception of those with a trache, on a ventilator or highly combative where they could harm other residents.

Personal care is available 24/7. Residents share the housing expenses and the cost of 24/7 care. Residents are accepted from any city or county.
