**Event Description** 

Explore the benefits of Medical Massage - Massage is often associated with a spa treatment or something to do leisurely for relaxation. While this is definitely one of the advantages of getting a massage, there are many other reasons why a medical massage is a health benefit. Some benefits of receiving medical massage therapy: stress relief, pain relief, inflammation reduction, increased energy, improved digestion and more. Join a licensed massage therapist for this very informed presentation. Free and open to the community.
