Fee Structure

No Fee

Languages Spoken

English

Senior Care Authority can assist families in crisis to find the resources available to care for their loved ones, and if indicated, find an Assisted Living community or Memory Care community that best meets their personality, financial means and medical needs. An assessment will be completed in person and by telephone to get an understanding of needs and answer questions. Senior living options or alternatives will be presented and after identifying the providers that meet your needs, a tour can be scheduled and staff will accompany you to each community.

The area served covers from Stafford to Roanoke in the north western region of the Shenandoah Valley.

Service Area(s)
