Loudoun Home Care offers tailored personal care to seniors and individuals living alone in Leesburg, VA and surrounding areas. Caregivers help persons with limited mobility and range of motion with regular bathing and personal hygiene. Through consultations, we may offer tips on grab bars, non-slip bath mats, and hand-held shower attachments. Caregivers can run errands to include visits to the bank, grocery store, and drug store to pick prescriptions. We can help with paying the bills and mailing letters on behalf of our clients.

Caregivers can provide feeding services to ensure our clients remain strong and healthy to deal with the health challenges. Help is available with hair-dressing, clothing, and skin care, as well as help with oral hygiene, light housekeeping, nail care, bed making, and toileting. Transportation services include wheelchair support and escort to the hospital and elderly group meets.

Our experts for home health care help persons with dementia or Alzheimer's disease cope with their condition at advanced age and are on call to help with physical or emotional challenges the elderly face, including memory loss.

Veterans welcome

Other services include companion care and respite care.

Service Area(s)

Loudoun County
